

Title: **Help Document: How Do I Find My Serial and IMEI Numbers?**  
Author: Ralph Castaneda  
Document Creation Date: 4/13/15

For iPads, you can find the Serial and IMEI Numbers engraved on the back of the device:

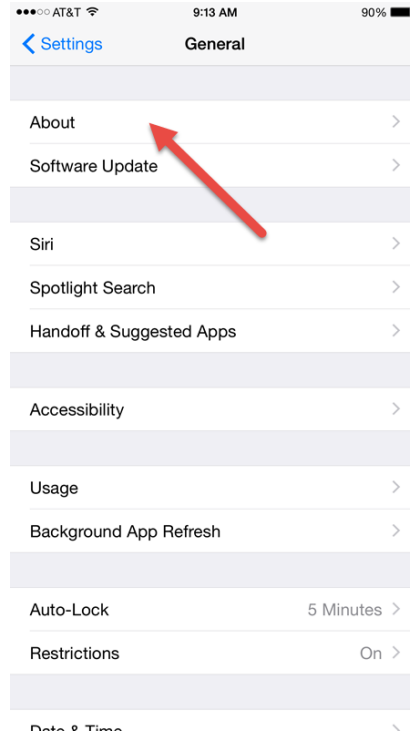

For iPhones, the IMEI Number is engraved on the back of the device, but not the serial number. To find the serial number, tap on the "Settings" icon-

Then tap on "General":

Next, tap on “About”:

You will then see both the Serial Number and the IMEI Number:

< General		About
Capacity		56.5 GB
Available		11.0 GB
Version		8.0 (12A4345d)
Carrier		
Model		ND293LL/A
